

What is FHille?

The FHille-program supports you as a parent in the everyday interaction with your child. The games and tasks of the program helps your child to develop and learn.

The program lasts for 30 weeks. The program starts in September and ends in May. Participation is voluntary and free of charge.

FHille includes

- themed booklets with suggestions of fun games and activities to do at home together with your child
- children's books, fairy tales and stories
- a versatile material
- celebrations for the whole family

Your child will get to

- draw and colour
- learn about nature and his/her surroundings
- use his/her fine and gross motor skills
- tell and listen
- sing and play
- use his/her imagination
- practice how to recognise and handle his/her emotions
- taste and cook
- learn new games

Your child/'s

- explores new things and learns together with you
- gets to be curious and find new interests
- self-esteem and self-belief are strengthened

You

- get to enjoy rewarding moments and learn new things together with your child
- will discover what your child likes and is interested in
- Will notice how your child thinks and learns
